FEDERAL REPUBLIC OF BRAZIL FOR AN AMOUNT OF  
NINETY-FIVE MILLION, FOUR HUNDRED AND NINETY-  
FIVE THOUSAND UNITED STATES (US\$95,495,000.00) TO  
FINANCE THE ESTABLISHMENT AND STRENGTHENING  
OF AGRICULTURAL MECHANISATION SERVICE  
CENTRES (AMSECs)**

PARLIAMENT OF GHANA LIBRARY

SEPTEMBER 2018

## **1.0 INTRODUCTION**

The **Supplier's Credit Agreement** between the **Government of the Republic of Ghana** and the **Federal Republic of Brazil** for an amount of ***Ninety-Five Million, Four Hundred and Ninety-Five Thousand United States (US\$95,495,000.00)*** to finance the **Establishment and Strengthening of Agricultural Mechanisation Service Centres (AMSECs)** was *presented* to the House on Monday 24<sup>th</sup> September, 2018 by the Honourable Minister responsible for Finance, Mr. Ken Ofori-Atta.

Pursuant to article 103 of the 1992 Constitution and Orders 169 and 171 of the Standing Orders of the House, the agreement was *referred* to the Committee on Finance for consideration and report.

The Committee subsequently met and discussed the Agreement with the Leadership of the Committee on Food, Agriculture and Cocoa Affairs, the Deputy Ministers for Food and Agriculture, Hon. Dr. Sagre Bambangi, Hon. Kennedy Osei-Nyarko and Hon. George Boahen Oduro, Deputy Minister for Finance, Hon. Mrs. Abena Osei-Asare as well as officials from the Ministries of Finance and Food and Agriculture.

The Committee hereby submits this report to the House pursuant to the Standing Orders of the House.

The Committee is grateful to the above-mentioned Honourable Deputy Ministers and officials for attending upon the Committee.

## **2.0 REFERENCES**

The Committee referred to and was guided by the following documents *inter alia* during its deliberations on the Agreement:

- The 1992 Constitution of the Republic of Ghana
- The Standing Orders of the Parliament of Ghana

- The Public Financial Management Act, 2016 (Act 921)
- The Budget Statement and Economic Policy of the Government of Ghana for the 2018 Financial Year.

### **3.0 BACKGROUND**

Cabinet by a letter dated 10<sup>th</sup> October 2014 and numbered OP/CA8/V2 granted approval for a Joint Memorandum by the Ministers for Food and Agriculture and Finance on a Supplier's Credit of Ninety Five Million, Four Hundred and Ninety-Five Thousand United States Dollars (US\$95,495,000.00) for the establishment of Agricultural Mechanisation Centres (AMSECS) in the country.

The Credit Facility was extended to the Government of Ghana by the Government of the Federal Republic of Brazil under its "MORE FOOD AFRICA PROGRAMME" for the supply of a range of agricultural machinery and equipment from Brazil to boost agricultural mechanisation in Ghana.

On 27<sup>th</sup> January 2011, the Government of Ghana signed a Technical Cooperation Agreement with the Brazilian Government under the Brazilian MORE FOOD INTERNATIONAL PROGRAMME (MFI). The Brazilian Foreign Trade Chamber's Board of Ministers (CAMEX) approved a line of credit in the amount of US\$95,495,000.00 to be disbursed in three tranches as follows:

1<sup>st</sup> Tranche: US\$35.495 million

2<sup>nd</sup> Tranche: US\$30.00 million

3<sup>rd</sup> Tranche: US\$30.00 million

### **4.0 PROJECT OBJECTIVE**

The objective of the Project is to strengthen the operations of Agricultural Mechanisation Services Centres (AMSECs) and support the creation of new AMSECs with the view to

improving agricultural productivity and invariably increase the incomes of smallholder farmers and to create jobs for the youth.

## **5.0 TERMS AND CONDITIONS OF THE LOAN**

The repayment of the Supplier's Credit Agreement is through Letters of Credit. The Government of Ghana assumes the following payment obligations:

- i. Credit Amount of US\$95,495,000.00**
- ii. Fixed Interest rate of 0.50% p.a. to be paid semi-annually for 30 consecutive instalments**
- iii. First interest payment occurring 6 months from the date of shipment of each consignment**
- iv. Repayment of each principal value of the Letter of Credit in 21 consecutive semi-annual instalments; and**
- v. First principal payment due on the sixtieth (60<sup>th</sup>) month counted from the date of each shipment of goods**

## **6.0 OBSERVATIONS**

### **6.1 Executive Approval for First Tranche**

Due to several delays in utilising the credit line, Parliamentary approval was not sought because the Government in 2014 was in the process of entering into an arrangement with the International Monetary Fund (IMF) which disrupted the Ministries of Finance and Food and Agriculture from processing the memo to Parliament.

The Committee was informed that delays in the process of entering into the IMF Programme in 2014 had the potential to affect the deadline for the expiration of the Credit Facility in October 2014. Due to this, an Executive Instrument with reference number OP/CA.1/V5 dated December, 2014 was issued by His Excellency the President and

requested the Honourable Minister for Finance to issue a Letter of Credit to enable the Ministry of Food and Agriculture to import the equipment for the implementation of the programme.

Consequently, the Ministry of Finance instructed the Bank of Ghana to issue the Letters of Credit in favour of the Brazilian Manufacturers and Suppliers to a tune of Thirty Two Million, Three Hundred and Sixty-Six thousand Two Hundred United States Dollars (US\$32,366,200.00) as drawn down under the first tranche for the supply of the agricultural machinery and equipment from Brazil.

The Committee thus notes that there has been a drawdown of US\$32,366,200.00 from the facility, leaving balances of *Thirty-Two Million, Three Hundred and Ninety-Five Thousand, Four Hundred and Eighteen United States Dollars and Forty Cents* (US\$32,395,418.40) and *Thirty Million, Seven Hundred and seventy-Three Thousand, Three Hundred and Eighty-One United States Dollars and Sixty-Cents* (US\$30,733,381.60) for the second and third tranches respectively.

As to what was done with the funds drawn down, the Deputy Minister for Food and Agriculture, Hon. George Oduro informed the Committee that upon assuming office, the present government looked into the matter and found that the tractors and equipment under the first tranche were indeed and in fact received by the Ministry of Food and Agriculture and put to use by farmers in the country. He assured the Committee that there was no problem with the receipt of the equipment as they had all been received and deployed for use in the country.

The Committee took a dim view of the situation and admonished the Ministry of Finance to desist from entering international transactions without prior approval by Parliament. However, the Committee determined that the House has authority to approve the entire amount and so recommends same to the House.

## **6.2 Brazilian Suppliers**

The Committee noted that under the Credit Facility, the underlisted Brazilian Suppliers with the support from the Brazilian Export Finance Program to support the establishment and strengthening of Agricultural Mechanisation Services Centers (AMSECs) would be supplying the project equipment:

- a. Frontiers WTA (Worldwide Trading AgroMachinery)
- b. AGCO do Brasil Solucoes Agricolas Ltda-CANOAS
- c. AGCO do Brasil Solucoes Agricolas Ltda-MOGI
- d. CNH Industrial Brasil Ltda
- e. AGCO do Brazil Comercio E Industria Ltda
- f. Valtra do Brazil Ltda
- g. Ipacol Maquinas Agriolas Ltda
- h. Cotia Commercial Exportadora e Importadora SA; and
- i. John Deere Brasil

## **6.3 Report on the Performance of 1<sup>st</sup> Tranche**

An amount of US\$32,366,200.00 was drawn down by the Government of Ghana in 2014 under the first tranche for the supply of agricultural machinery and equipment from Brazil. As per the terms of the Facility, the Ministry of Finance through the Bank of Ghana issued irrevocable letters of credit in favour of the Brazilian suppliers. The Ministry of Food and Agriculture took delivery of the machinery and equipment between May 2016 and December 2016.

The Government of Ghana at the time, in a bid to make the machinery and equipment more accessible to farmers and mechanisation service providers, provided a subsidy rate of about sixty percent (60%) on the machinery.

Sales of the machinery and equipment to farmers and mechanisation service providers has been ongoing since September 2016.

***Attachment: Please find attached as APPENDIX I a list of the beneficiaries of the machinery and equipment.***

#### **6.4 Recoveries from Beneficiaries**

The Committee was informed that over ninety percent (90%) of the machinery and equipment received have been allocated to beneficiaries across the country either on outright payment or on hire purchase terms. Recovery rate from beneficiaries stood at over eighty-seven percent (87%) as at July 2018.

#### **6.5 Subsidy for 2<sup>nd</sup> and 3<sup>rd</sup> Tranches**

The Committee observed that in a bid to make the machinery and equipment more accessible to farmers and individuals to enable them engage in the provision of affordable agricultural mechanisation services, the Ministry of Food and Agriculture has approved a subsidy rate of forty percent (40%) to be applied on the sale of the machinery and equipment to beneficiaries under the 2<sup>nd</sup> and 3<sup>rd</sup> tranches.

As to why the subsidy rate has been reduced from 60% on the 1<sup>st</sup> tranche to 40% on the 2<sup>nd</sup> and 3<sup>rd</sup> tranches, officials of the ministry of Food and Agriculture explained that the Ministry took the decision being mindful of the huge cost of subsidy to government as well as other interventions that government has put in place lately to assist farmers such as 50% subsidy for fertilisers and 50% subsidy for seedlings. It was explained that these interventions would adequately compensate farmers for the reduction in the AMSECs subsidy rate.

#### **6.6 Machinery and Equipment to be imported**

The Committee observed that diverse machinery and equipment would be procured under the 2<sup>nd</sup> and 3<sup>rd</sup> tranches of the facility to provide more Agricultural Mechanisation Services Centres and to strengthen some of existing ones.

***Attachment: The list of the particular machinery and equipment to be imported is attached to this Report and captioned APPENDIX II***

## 6.7 Support for Government's Agricultural Strategy

The Committee was informed that the high cost of capital in the country has made it unattractive for the private sector and farmers to invest in agricultural mechanisation services. The situation coupled with the low machinery population has the tendency to cripple the Government's flagship "Planting for Food and Jobs" Programme, especially if farmers are unable to have timely access to appropriate machinery and equipment for extensive land preparation and other farming operations.

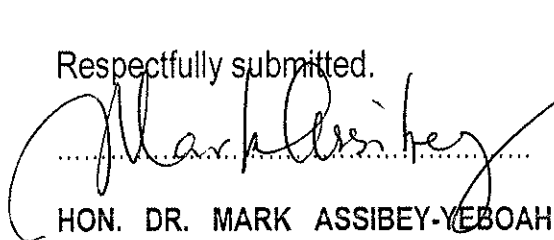

There is therefore the need for Government to expedite the necessary action for the importation of the machinery and equipment under the 2<sup>nd</sup> and 3<sup>rd</sup> tranches of the Facility so as to enhance the provision of mechanisation services to farmers in the country for enhanced agricultural production and productivity.

## 7.0 CONCLUSION

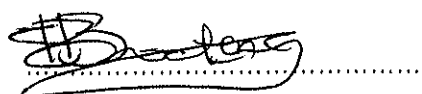

The Committee has thoroughly considered the Agreement and finds that its approval is necessary for the acquisition of machinery and equipment to enhance the provision of agricultural mechanisation services in the country.

The Committee therefore respectfully recommends to the House to adopt this report and approve by resolution, the **Supplier's Credit Agreement** between the **Government of the Republic of Ghana** and the **Federal Republic of Brazil** for an amount of ***Ninety-Five Million, Four Hundred and Ninety-Five Thousand United States (US\$95,495,000.00)*** to finance the **Establishment and Strengthening of Agricultural Mechanisation Service Centres (AMSECs)** in accordance with article 181 of the 1992 Constitution of the Republic of Ghana.

Respectfully submitted.
