SCIENCES ACT, 2019**

AN ACT to establish the C. K. Tadam University of Technology and Applied Sciences and to provide for related matters.

DATE OF ASSENT: 23rd August, 2019.

PASSED by Parliament and assented to by the President

C. K. Tadam University of Technology and Applied Sciences

Section 1—Establishment of the University

- (1) There is established by this Act, the C. K. Tadam University of Technology and Applied Sciences as a body corporate with perpetual succession.
- (2) For the performance of the functions of the University, the University may acquire and hold property, dispose of property and enter into a contract or any other related transaction.
- (3) Where there is a hindrance to the acquisition of land, the land may be acquired for the University under the State Lands Acts, 1962 (Act 125) and the cost shall be borne by the University.

Section 2—Aims of the University

- (1) The aims of the University are to provide higher education, disseminate knowledge related to development in integrated technology and applied sciences, undertake research and foster relationships with persons outside the institution in accordance with the following principles:

- (a) higher education shall be made equally accessible to each person qualified and capable of benefiting from that education;
- (b) in determining the subjects to be taught, consideration shall be given to courses of special relevance to the needs and aspirations of the country particularly in the north-eastern part of the country;
- (c) use of critical tools that include information and communication technology for teaching, research, dissemination of knowledge and administration;
- (d) institute curricula and pedagogy within the context of learner-centred and problem-based learning techniques that are practical and relevant to national needs and aspirations in integrated technology and applied sciences;
- (e) use teaching methods that promote critical and independent thinking for the benefit of humanity;
- (f) disseminate the results of research through the publication of books, papers and other suitable means;
- (g) undertake research in courses that are within the mandate of the University, but with special emphasis on—
 - (i) integrated technology and applied sciences issues within and outside the country; and
 - (ii) subjects that relate to the social, cultural, economic, scientific or technological aspects of integrated technology and applied sciences within and outside the country;
- (h) provide services through extension and consultancy in integrated technology and applied sciences-related activities to foster relationships with other persons; and
- (i) development of distance learning modules for integrated technology and applied sciences-related courses in higher education.

(2) To achieve the aims of the Universty[sic] in subsection (1), the University shall emphasise studies in integrated technology and applied sciences and shall have

- (a) School of Health, Environmental and Life Sciences;
- (b) School of Physical and Biochemical Sciences;
- (c) School of Engineering;
