

**IN THE FIRST SESSION OF THE EIGHTH PARLIAMENT OF THE FOURTH REPUBLIC
OF GHANA**

**REPORT OF THE FINANCE COMMITTEE ON THE REQUEST FOR
WAIVER OF IMPORT DUTY, IMPORT VAT, IMPORT NHIL, IMPORT
GETFUND LEVY, EXIM LEVY, COVID-19 RECOVERY LEVY, SPECIAL
IMPORT LEVY AND DOMESTIC VAT AMOUNTING TO THE GHANA CEDI
EQUIVALENT OF THIRTY-FOUR MILLION, EIGHT HUNDRED AND NINE
THOUSAND, TWO HUNDRED AND SIXTY-THREE EUROS AND FORTY-
SIX CENTS (€34,809,263.46) ON MATERIALS AND EQUIPMENT
REQUIRED FOR THE ESTABLISHMENT OF TWELVE (12) STATE-OF-
THE-ART TECHNICAL AND VOCATIONAL EDUCATIONAL TRAINING
CENTERS -PHASE II**

1.0 INTRODUCTION

~~The request for waiver of Import Duty, Import VAT, Import NHIL, Import GETFund Levy, EXIM Levy, COVID-19 Recovery Levy, Special Import Levy and Domestic VAT amounting to the Ghana Cedi equivalent of Thirty-Four Million, Eight Hundred and Nine Thousand, Two Hundred and Sixty-Three Euros and Forty-Six Cents (€34,809,263.46) on materials and equipment required for the establishment of Twelve (12) State-of-the-Art technical and Vocational Educational Training Centers –Phase II was laid in the House on Thursday, 11th November, 2020 by the Minister responsible for Youth and Sports, Hon. Mustapha Ussif on behalf of the Minister responsible for Finance.~~

Rt. Hon. Speaker referred the request to the Finance Committee for consideration and report.

The Committee met with a Deputy Minister for Finance, Hon John Kumah, a Deputy Minister for Education, Hon. Gifty Twum Ampofo and officers from the Ministry of Finance, the Ministry of Education and the Ghana Revenue Authority (GRA) to consider the referral.

2.0 DOCUMENTS REFERRED TO

The Committee referred to the following documents:

1. The 1992 Constitution;
2. The Public Financial Management Act, 2016 (Act 921);
3. The Standing Orders of the Parliament of Ghana; and
4. The Contract for Phase II of the project for establishing 12 State-of-the-Art Technical and Vocational Centres of Excellence between the Ministry of Education and a Consortium of Planet One Education Limited and SUMEC Complete Equipment & Engineering Company Limited for One Hundred and Eighty-five Million, Two Hundred and Forty-two Thousand, Eight Hundred and Eighty-seven Euros (€185,242,887.00)

3.0 BACKGROUND

Technical and Vocational education has since independence been a key component of Ghana's education system. The overarching objective has been to enable youth who may not be absorbed into tertiary educational institutions, for a combination of factors, to be equipped with skills required at lower and mid-levels of enterprise and industry.

The emphasis placed on Technical and Vocational education also recognises and takes into account the benefits of creating jobs for youth in a growing economy and addressing the phenomenon of youth unemployment which is prevalent in most developing and even some middle-income countries globally.

Regrettably, Technical and Vocational institutions have over the years not been adequately funded resulting in the near total disrepair of their physical infrastructure and equipment. This position has been aggravated by inadequacies in numbers and competencies of instructors who prefer to work in sectors that offer better working conditions, thus affecting the human

resource capacities of the Technical and Vocational Education and Training (TVET) institutions negatively.

In order to address this challenge and in line with the policy of expanding and enrolment in TVET institutions, the Government through Ministry of Education is establishing 32 State-of-the-Art Technical and Vocational Centres of Excellence in the country. The project is to be undertaken in three (3) phases. This project will improve the quality of the TVET system across the entire spectrum and result in empowering the youth of Ghana. The objective will be to create a sustainable, quality-oriented vocational educational system that will build a highly efficient skilled society ultimately producing highly trained manpower year after year, catalysing the vast development programmes and activities proposed by the Government of Ghana.

~~Clause 14.16 of the Particular Conditions of Contract makes it a condition precedent that the project is to be exempted from the payment of taxes and duties applicable. If not granted, the relevant taxes and duties paid by the contractor shall be reimbursed by the Employer and the contract price shall be adjusted accordingly. In accordance with Article 174 of the 1992 Constitution and in order to effectively implement the project in time, a request for the waiver of taxes and duties for the project has been submitted to Parliament for approval.~~

4.0 THE REQUEST

The request is for the waiver of Import Duty, Import VAT, Import NHIL, Import GETFund Levy, EXIM Levy, COVID-19 Recovery Levy, Special Import Levy and Domestic VAT amounting to the Ghana Cedi equivalent of Thirty-Four Million, Eight Hundred and Nine Thousand, Two Hundred and Sixty-Three Euros and Forty-Six Cents (€34,809,263.46) in respect of the establishment of Twelve (12) State-of-the-Art technical and Vocational Educational Training Centers – Phase II.

4.1 Details of the Assessment

The details of the assessments as undertaken by the Ghana Revenue Authority (GRA) is summarized in Table 1 below:

Table 1 Assessment of Taxes and Duties

	Item	Amount (€)
1	Import Duty	8,559,093.42
2	NHIL/ GETFund Levy	1,928,074.17
3	Import NHIL	1,928,074.17
4	Import VAT	11,183,716.69
5	EXIM Levy	578,422.25
6	COVID-19 Recovery Levy	771,216.83
7	Special Import Levy	154,245.93
8	Domestic VAT	9,706,420
	Total	34,809,263.46

Attached as an **APPENDIX** are the details of the various tax assessments by the GRA.

5.0 OBSERVATIONS

5.1 Rationale for the Waiver

The Committee observed that as part of its policy to reform the technical and vocational training institutions in the country, Government is establishing Two (2) the state-of-the-art technical and vocational education and training institutions in all the Sixteen (16) regions of the country. The project is to be executed in Three (3) phases. The project, when completed would help to bridge the skill gap in the youth, leading to the creation of a large talented pool of trained youth. It will also create a sustainable, quality-oriented vocational educational system that will build a highly efficient skilled society ultimately producing highly trained manpower year

after year, catalysing the vast development programmes and activities proposed by the Government of Ghana.

Phase 1 of the Project is complete and Government is currently implementing Phase 2. Government through the Ministry of Education has entered into a contract agreement with a Consortium of Planet One Education Limited and SUMEC Complete Equipment & Engineering Company Limited to implement the project.

Clause 14.16 of the Particular Conditions of Contract provides for the waiver of the relevant taxes and duties applicable to the project or the contract price ~~is to be adjusted accordingly. In order to effectively and timeously implement~~ the project, this request for the waiver of taxes and duties applicable has been submitted to the House for approval.

5.2 Scope of the project

The Committee observed that under the project, the Centres will be equipped with laboratories and workshops with cutting edge technology and training equipment covering thirty-three (33) industry trades. The staff at the Centers will also undergo a competency-based training programme to stay abreast with the modern practices in the industry.

The project will also create curriculum and courseware for thirty-three (33) different industry trades resulting in creation of world-class training facilities linked to current job market demands.

5.3 Benefits of the project

The Committee observed that the project when implemented is expected to produce highly skilled human capital through:

- i. Improved Teaching and Learning Environment in the beneficiary Public TVET institutions
- ii. Increased supply of high calibre TVET graduates
- iii. Increased participation levels at TVET; and
- iv. Increased supply of calibre TVET instructors

5.4 Value for Money (VfM)

The Committee enquired whether one of the conditions precedent to the disbursement of the credit facility which is undertaking Value for Money (VfM) has been done.

The Ministry informed the Committee that VfM has been conducted by Crown Agents. Crown Agents had since submitted its report and this led to some savings of €6.40 Million. The savings has also been applied to enhance the scope of the project.

The Committee expressed concern on the manner the savings made from projects arising out of VfM audits were applied. It was of the opinion that the utilisation of such savings should be determined in consultation with the Minister for Finance. This would go a long way to ensure the judicious use of the savings.

5.5 Tax Credit Option

The Committee expressed concern on the current tax waiver regime in the country. It suggested to the Ministry of Finance to also resort to other available tax incentives such as granting tax credits instead of tax waivers.

The Ministry of Finance agreed with the Committee but indicated that the Tax Exemptions Bill will be submitted to the House to help regulate the grant of tax waivers.

5.6 Revision of Master list

After carefully examining the exempt items on the master list as prepared by the Ghana Revenue Authority, the Committee disallowed some of the said items. In the Committee's view, the said items can be procured locally thereby boosting the local economy.

The Ministry of Finance agreed with the Committee and has revised the list downwards from **€34,975,913.00** to **€34,809,263.46**.

6.0 CONCLUSION

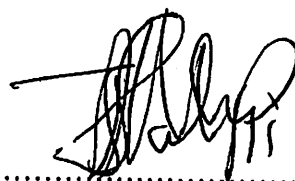

In view of the benefits the Educational Sector stands to gain as well as the immense socio-economic benefits to be derived, the Committee is satisfied that the request is in the right direction.

The Committee therefore recommends to the House to adopt its report and approve the Request for waiver of Import Duty, Import VAT, Import NHIL, Import GETFund Levy, EXIM Levy, COVID-19 Recovery Levy, Special Import Levy and Domestic VAT amounting to the Ghana Cedi equivalent of Thirty-Four Million, Eight Hundred and Nine Thousand, Two Hundred and Sixty-~~Three Euros and Forty-Six Cents (€34,809,263.46)~~ on materials and equipment required for the establishment of Twelve (12) State-of-the-Art technical and Vocational Educational Training Centers -Phase II in accordance with Article 174(2) of the Constitution, the Public Financial Management Act, 2016 (Act 921) and the Standing Orders of Parliament as revised.

Respectfully submitted.

.....
HON. KWAKU KWARTENG
CHAIRMAN, FINANCE COMMITTEE
