**1.0 INTRODUCTION**

The request for waiver of Import Duty, Import GETFund Levy, Import NHIL, Import VAT, EXIM Levy, COVID-19 Recovery Levy and Special Import Levy amounting to the Ghana Cedi equivalent of Twelve Million, Nine Hundred and Thirty-Eight Thousand, One Hundred and Thirty-Three Euros (€12,938,133.00) on materials and equipment required to be procured for the construction and equipping of (3) 80-Bed District Hospitals at Osiem, Assin Kuyesa and Kutre No. 2; (1) 40-Bed Polyclinic at Dormaa Akwamu and Upgrading of the Wamfie Polyclinic into a 60-Bed District Hospital Project was presented to the House on Wednesday, 16<sup>th</sup> November, 2022 in accordance with Article 174 (2) of the Constitution.

Pursuant to Order 169 of the Standing Orders of the House, the Rt. Hon Speaker referred the request to the Finance Committee for consideration and report.

The Committee subsequently met and discussed the request with the Hon. Deputy Ministers for Finance and Health, Dr. John Ampontuah Kumah and Mr. Mahama Seini Asei as well as officials from the Ministries of Finance and Health.

The Committee hereby submits this report to the House pursuant to Order 161(1) of the Standing Orders of Parliament.

The Committee is grateful to the Hon. Deputy Ministers and Officials for attending upon it and assisting in the deliberations.

## **2.0. REFERENCES**

The Committee referred to and was guided by the following documents amongst others during its deliberations:

- The 1992 Constitution of the Republic of Ghana;
- The Standing Orders of the Parliament of Ghana;
- The Public Financial Management Act, 2016 (Act 921) and

## **3.0. BACKGROUND**

In recognition of the critical role of the health sector in promoting socio economic development in Ghana, the government is committed to upgrade various health infrastructure across the country. The primary objective of this commitment by Government is to develop a healthcare system that offers patients fast and convenient access to high quality health and social care services.

The Construction of new hospitals and upgrade of existing ones is aimed at increasing access to healthcare in Ghana.

The construction of the four hospitals and the supply of medical and non-medical equipment is expected to improve healthcare infrastructure in the selected locations to increase access to healthcare. This is part of the efforts by government to enhance the quality of healthcare delivery and bring equity in the distribution of healthcare infrastructure across the country.

To attain this objective, the Government procured €78,000,000 credit facility from Commerzbank Aktiengesellschaft to finance the Commercial Contract and the CISSE Insurance for the construction and equipping of (3) 80-Bed District Hospitals at Osiem, Assin Kuhyea and Kutre No. 2; (1) 40-Bed Polyclinic at Dormaa Akwamu and Upgrading of the Wamfie Polyclinic into a 60-Bed District Hospital.

#### **4.0. REQUIRED WAIVER**

Under Clause 14.1(b) of the Particular Condition of Contract (PCC), the Contractor is to be exempted from payment of taxes and duties with respect to plant, equipment, materials and specified goods and services to be procured under the project.

In view of the above, Government of Ghana thus becomes liable for the component of the project financing cost covering taxes and duties levied in Ghana with respect to the importation of materials and equipment required for the implementation of the projects.

In line with the conditions in the Contract Agreement, the Ghana Revenue Authority has assessed the applicable taxes and has recommended the waiver of taxes amounting to the Ghana Cedi equivalent of Twelve Million, Nine Hundred and Thirty-Eight Thousand, One Hundred and Thirty-Three Euros (€12,938,133.00) on materials and equipment required to be procured for the construction and equipping of (3) 80-Bed District Hospitals at Osiem, Assin Kuhyea and Kutre No. 2; (1) 40-Bed Polyclinic at Dormaa Akwamu and

Upgrading of the Wamfie Polyclinic into a 60-Bed District Hospital. The breakdown of the requested waiver for each project is summarized below:

**5.0. PARLIAMENTARY APPROVAL**

Parliament at its Twenty-Third Sitting of the Third Meeting held on Saturday, 7<sup>th</sup> November, 2020 approved by resolution, the CESCE Covered Facility Agreement of up to €67,5000.00 between the Government of Ghana represented by the Ministry of Finance and Commerzbank Aktiengesellschaft, Suucursal en Espana as the Facility Agent, the Export Credit Agent, the Mandate Lead Arranger and the Original Lender, with export credit guarantee support from the Spanish export credit agency (CESCE) to finance 85% of the Commercial Contract value and 100% of CESCE insurance premium; and the Facility Agreement of up to €10,500,000.00 between the Government of Ghana represented by the Ministry of Finance and Commerzbank Aktieengesellschaft, Sucursal en Espana as the Facility Agent, the export Credit Agency Agent, the Mandate Lead Arranger and the Original Lender, to finance 15% of the Commercial Contract value.

Similarly, Parliament, also, at the Twenty-Third Sitting of the Third Meeting held on Saturday, 7<sup>th</sup> November, 2020 approved by resolution the Engineering, Procurement and Construction Agreement between the Government of

Ghana (represented by the Ministry of Health) and Makiber, S.A., Spain for an amount of **€70,000,000.00** for the Construction and Equipping of 80-Bed Paramedic General District Hospital at Osiem, Assin Kuyea and Kutre No. 2 in the Berekum Municipality, a 40-Bed Polyclinic at Dormaa Akwamu and Expansion of a 15-Bed Polyclinic into a 60-Bed District Hospital at Wamfie. (Commercial Contract).

As part of the conditions in the approved Contract Agreement, the Government of Ghana is required to waive taxes on material and equipment required for the execution of the projects.

#### **6.0. OBSERVATION**

The Committee having carefully scrutinised the request, made the following observations:

##### **6.1. Assessment of Tax Liabilities and the Waiver Required**

The Committee noted that, in an effort to speed up the execution of the projects to improve healthcare delivery, the government intends to grant tax reliefs on plants, equipment and materials to be procured for the execution of the projects.

The waiver is consistent with the overall government objective to expand health infrastructure and improve healthcare delivery in the country.

To achieve these objectives, the Ministry of Finance through the Ghana Revenue Authority has assessed the applicable taxes, duties and levies on equipment, materials and other items to be procured for the project and have recommended a total tax liability of up to the Cedi equivalent of Twelve Million, Nine Hundred and Thirty-Eight Thousand, One Hundred and Thirty-Three Euros (€12,938,133.00) for which exemption should be granted.

The Committee upon a thorough scrutiny of the list of items is convinced that the items for which the exemption is required are directly related to the projects. The detail assessment of the items for which the waiver is required is attached as an Appendix.

## **6.2. Justification for Granting the Tax Exemption**

The Committee noted that the Government of Ghana acting through the Ministry of Health entered into a Commercial Contract with Makiber, S.A., Spain for an amount of €70,000,000.00 for the Construction and Equipping of 80-Bed Paramedic General District Hospital at Oslem, Assin Kuyea and Kutre No. 2 in the Berekum Municipality, a 40-Bed Polyclinic at Dormaa Akwamu and Expansion of a 15-Bed Polyclinic into a 60-Bed District Hospital at Wamfie. Under Clause 14.1(b) of the Particular Condition of Contract (PCC), the Contractor is to be exempted from the payment of taxes and duties with respect to plant, equipment, materials and specified goods and services to be procured under the project.

In view of the above, Government of Ghana thus becomes liable for the component of the project financing cost covering taxes and duties levied in Ghana with respect to the importation of materials and equipment required for the implementation of the project.

In compliance with the above clause, the Ministry of Finance intends to exempt the contract from the payment of the applicable taxes and levies. The Ghana Revenue Authority has therefore assessed the applicable taxes and has recommended the waiver of taxes amounting to the Ghana Cedi equivalent of Twelve Million, Nine Hundred and Thirty-Eight Thousand, One Hundred and Thirty-Three Euros (€12,938,133.00) on plant, machinery, materials and equipment required for the execution of the projects.

### 6.3. Downwards Revision of the Amount to be waived

The Committee noted that the amount of taxes and duties requested to be waived include COVID-19 Levy. The Committee however considered that in the light of the new tax exemptions regime, the levy should not be included in the waiver.

To this end, the Committee in agreement with the Ministry of Finance recommends the waiver of a sum of **Cedis equivalent of Twelve Million, Five Hundred and Four Thousand and Seventy-Six Euros (€12,504,076.00) excluding COVID-19 Recovery Levy** on the project plant, machinery, materials and equipment to be procured for the Construction and Equipping of 80-Bed Paramedic General District Hospital at Osiem, Assin Kuyea and Kutre No. 2 in the Berekum Municipality, a 40-Bed Polyclinic at Dormaa Akwamu and Expansion of a 15-Bed Polyclinic into a 60-Bed District Hospital at Wamfie. The summary of the waiver recommended for approval is as follows:

**Table 2: Revised exemptions recommended**

### 7.0. CONCLUSION

The Committee having examined the request is convinced that all the items listed in the request are directly required for the execution of the projects.

In view of the urgent need to upgrade health infrastructure to meet the growing demand for health services in the country, the Committee

recommends to the House to adopt its report and approve by Resolution the request for waiver of Import Duty, Import GETFund Levy, Import NHIL, Import VAT, EXIM Levy and Special Import Levy amounting to the Ghana Cedi equivalent of Twelve Million, Five Hundred and Four Thousand and Seventy-Six Euros (€12,504,076.00) on materials and equipment required to be procured for the construction and equipping of (3) 80-Bed District Hospitals at Oslem, Assin Kuhyea and Kufre No. 2; (1) 40-Bed Polyclinic at Dormaa Akwamu and Upgrading of the Wamfie Polyclinic into a 60-Bed District Hospital Project in accordance with Article 174(2) of the 1992 Constitution and Order 169 of the Standing Orders of the Parliament of Ghana.

Respectfully Submitted.
