IN THE FOURTH SESSION OF THE SEVENTH PARLIAMENT OF THE FOURTH REPUBLIC OF GHANA

REPORT OF THE COMMITTEE ON EDUCATION

ON THE

CONTRACT AGREEMENT BETWEEN THE GOVERNMENT OF THE REPUBLIC OF GHANA (REPRESENTED BY THE MINISTRY OF EDUCATION) AND TELEVIC GROUP NV OF BELGIUM FOR AN AMOUNT OF ELEVEN MILLION, FIVE HUNDRED AND NINETY-FOUR THOUSAND EUROS (€11,594,000.00) FOR THE SUPPLY AND INSTALLATION OF INTEGRATED E-LEARNING LABORATORIES IN SENIOR HIGH SCHOOLS (TELEVIC PHASE II)

ACC Hº: 3184 C3 Class Hº: CR/GOG \$TGHV(10 REPORT OF THE COMMITTEE ON EDUCATION ON THE CONTRACT AGREEMENT BETWEEN THE GOVERNMENT OF THE REPUBLIC OF GHANA (REPRESENTED BY THE MINISTRY OF EDUCATION) AND TELEVIC GROUP NV OF BELGIUM FOR AN AMOUNT OF ELEVEN MILLION, FIVE HUNDRED AND NINETY-FOUR THOUSAND EUROS (£11,594,000.00) FOR THE SUPPLY AND INSTALLATION OF INTEGRATED E-LEARNING LABORATORIES IN SENIOR HIGH SCHOOLS (TELEVIC PHASE II)

1.0 INTRODUCTION

On Wednesday, 4th November, 2020, the Hon. Majority Leader and Minister for Parliamentary Affairs, Mr. Osei Kyei-Mensah-Bonsu, on behalf of the Minister for Education, Dr. Matthew Opoku Prempeh, presented to Parliament, the Contract Agreement between the Government of the Republic of Ghana (represented by the Ministry of Education) and Televic Group NV of Belgium for an amount of Eleven Thousand Hundred and Ninety-four Euros Five Million. (€11,594,000.00) for the Supply and Installation of Integrated E-Learning Laboratories in Senior High Schools (TELEVIC Phase II). This was in fulfilment of Article 181(5) of the 1992 Constitution and Section 33 (1) of the Public Financial Management Act, 2016, (Act 921).

Thereafter, the Rt. Hon. Speaker referred the Agreement to the Committee on Education for consideration and report in accordance with Order 186 of the Standing Orders of the House.

2.0 **DELIBERATIONS**

The two Hon. Deputy Ministers for Education, Dr. Yaw Osei Adutwum and Mrs Gifty Twum-Ampofo, the Executive Director of the Council for Technical and Vocational Education and Training (COTVET), Dr. Fred Kyei Asamoah, and officials of the Ministry of Education attended upon the Committee to assist in its deliberations.

The Committee is grateful to the Hon. Deputy Ministers and the technical team for attending upon the Committee.

3.0 REFERENCE DOCUMENTS

The Committee availed itself of the following documents during its deliberations:

- i. The 1992 Constitution of Ghana.
- ii. The Standing Orders of the Parliament of Ghana.
- iii. The Public Financial Management Act, 2016 (Act 921).
- iv. State-to-State Loan Agreement between the Government of Ghana (represented by the Ministry of Finance) and the Government of the Kingdom of Belgium for an amount of Eight Million Euros (€8,000,000.00) to finance the Supply and Installation of Integrated E-Learning Laboratories in Senior High Schools (TELEVIC Phase II).
- v. The Credit Agreement between the Government of the Republic of Ghana (represented by the Ministry of Finance) and KBC Bank of Belgium for an amount of Three Million, Eight Hundred and Sixtysix Thousand, Four Hundred and Twenty-five Euros (€3,866,425.20) [including Credendo ECA insurance premium of (€272,425.20)] to finance the Supply and Installation of Integrated E-Learning Laboratories in Senior High Schools (TELEVIC Phase II).

4.0 BACKGOUND

Information and Communication Technology (ICT) is considered an indispensable tool for driving all sectors of economy, including education. The application of ICT to education enhances and optimises the delivery of education, making education more accessible to people in various locations.

It has been revealed through research that ICT driven education improves teaching methodology and promotes better learning outcomes. Research has further demonstrated that an ICT-centric education system that makes the curriculum more responsive to technology has a significant and positive impact on students' achievements. Students who

get the opportunity to appreciate and use technology as part of their educational training often have a higher propensity to demonstrate better presentation and innovative capabilities, compared to their counterparts who are not ICT-inclined. Government has therefore come to the realisation that ICT-based education can create competition among students and adequately position them to be part of the global skilled workforce.

Experiences from the COVID-19 pandemic also provide strong basis for government to build the requisite infrastructure towards improved application of ICT in teaching and learning. Today, while online education is increasingly emerging as important and perhaps a necessary alternative for education delivery, challenges relating to inadequate ICT infrastructure to improve teaching and learning, lack of requisite skills necessary to incorporate computers and ICT gadgets in education, and inadequate access to internet facilities, unfortunately undermine Ghana's ability to take full advantage of the benefits of integrated E-learning.

Against this background, government has implemented the Phase I of the Project to enhance the use of ICT processes in the delivery of teaching and learning. The Project focused on the provision of equipment and training to selected Senior High Schools. It also provided fully equipped and integrated ICT laboratories for 240 schools and 2 Resource Centres.

In order to implement the Phase II of the Project which has the objective of providing and equipping ICT laboratories in 175 Senior High Schools across the country, Government is seeking to enter into a Contract Agreement with Televic Group NV of Belgium for the Supply and Installation of Integrated E- Learning Laboratories in selected Senior High Schools.

5.0 **SCOPE OF WORKS**

The scope of works for the Project shall include but not limited to the following:

- Delivery, installation and training to 175 Senior High Schools ICT Laboratories, with smart classrooms.
- Full turnkey solution including equipment, software, training and related e-learning infrastructure.
- iBox solutions.

6.0 PROJECT FINANCING

The Project is being financed by the Government of the Kingdom of Belgium and the KBC Bank NV of Belgium. A summary of the Project cost is provided in the table below:

Summary of Project Cost

| Description | Amount (€) |
|---|----------------|
| Server, data storage unit & software licenses Televic | 3,197,362.50 |
| Display classroom | 347,223.00 |
| Teacher Computer (workstation) with virtual desktop | 442,527.00 |
| Student station | 4,026,141.00 |
| Manuals for all Televic solutions and software | 76,986.00 |
| Power Provisioning Device (Battery Management/Power | |
| Management Unit) | 1,437,943.81 |
| Project Management and Installation cost | 1,690,567.37 |
| General Overall Cost | 375,240.32 |
| TOTAL PROJECT COST | €11,594,000.00 |

7.0 PROJECT IMPLEMENTATION PERIOD

The expected implementation period of the Project is thirty-six (36) months from the date of commencement.

8.0 **OBSERVATIONS**

The Committee made the following observations during its deliberations:

a. Supplier's Capabilities

The Committee noted that Messrs Televic Group NV of Belgium were the same Contractors that executed the Phase I of the Project. The Committee was therefore assured of the Contractor's experience and capacity to deliver on schedule.

b. Pre-Shipment Inspection

The Committee noted that to ensure that the equipment supplied meets the First Party's (Ministry of Education) specifications, the First Party may request for a Pre-Shipment Inspection (PSI) for the equipment and spare parts. The Committee further noted that the PSI shall be done by an independent inspection company, the cost of which would be borne by the Second Party (Messrs Televic Group N.V). The PSI principally covers the following:

- Quality inspection: random visual quality inspection and random verification of conformity to the technical specifications issued by the manufacturer;
- ii. Quantity inspection: according to the quantity, mentioned in the transport documents; and
- iii. Issuance of certificate for each shipment.

The Committee is hopeful that appropriate action would be taken by the Second Party to correct any discrepancies noticed during the PSI. The Committee accordingly urges the Ministry to be diligent at this stage to ensure that the quality and quantity of equipment with spare parts that would be shipped into the country, meets the technical specifications agreed upon.

c. Payment Procedure

As noted earlier, the contract sum of the Project is €11,594,000.00. Payments to the contactor will be done within 30 business days after the date of introduction of the payment request at the National Bank of Belgium under the condition that the request is done in accordance with the following procedures:

i. Advance Payment

To ensure timely commencement of the Project, an advance payment of 15% of the contract price would be paid on behalf of the Ministry of Education to the supplier. To protect the interest of Ghana, the advance payment shall be paid by the National Bank of Belgium to the contractor by a single draw-down on the State-to-State loan, against presentation to the National Bank of Belgium, a copy of the invoice and a copy of an irrevocable advance payment guarantee of 15% issued by a first class Bank in a format approved by the National Bank of Belgium.

ii. Payment of Delivered Equipment

Payment of 85% of the value of the delivered equipment upon issuance of the following documents:

- 1 original Invoice and 4 copies, showing 100 pct CIP value less 15 PCT advance payment to be paid.
- Packing list in 5 copies.
- Transport documents to Accra.
- Insurance certificated covering CIP value.
- Certificates of origin.

d. Project Beneficiaries

The Ministry informed the Committee that currently, there are various on-going interventions at the Ministry of Education geared towards providing and equipping ICT Laboratories in Senior High Schools across

the country. The Ministry indicated to the Committee that 240 schools and 1 Resource Centre benefitted from Phase I of the Project. It is therefore estimated that up to about 175 schools will benefit from Phase II of the Project. Beneficiaries will be schools that have not been catered for under similar interventions such as the Secondary Education Improvement Project and the Kuwait Project. Beneficiary schools of Phase II of the Project (subject to amendments after reconciliation with other Projects) is attached as an Appendix.

e. Implementation and Monitoring

As indicated earlier, the Project would be executed by Televic Group N.V. To ensure efficiency and timely delivery, the Committee noted that the Ministry of Education shall have the overall responsibility for the implementation of the Project. The Ministry of Finance would also support the Ministry of Education to effectively monitor and evaluate the Project.

f. Insurance

The Committee noted that to further protect the interest of the Employer, the Supplier shall, at his own expense, insure the contract against risks of cancellation and breach of Contract. Again, the Supplier shall, at its own expense, insure each shipment for not less than the amount of one hundred and ten percent (110%) of the total value of the shipment. The Committee further noted that the insurance will be against all risks, including war risks and civil commotions for the beneficiary of the Employer if the shipment has been paid to the Supplier.

Furthermore, all damage payments by the insurance company will be done to the credit of the account, opened in the name of the Ministry of Finance of Ghana at the National Bank of Belgium.

CONCLUSION AND RECOMMENDATION 9.0

The Committee, having regard to the numerous benefits associated with the Project, recommends to the House to adopt its Report and approve by resolution, the Contract Agreement between the Government of the Republic of Ghana (represented by the Ministry of Education) and Televic Group NV of Belgium for an amount of Eleven Million, Five Hundred and Ninety-four Thousand Euros (€11,594,000.00) for the Supply and Installation of Integrated E-Learning Laboratories in Senior High Schools (TELEVIC Phase II) in accordance with Article 181 (5) of the 1992 Constitution of Ghana.

Respectfully submitted.

WILLIAM AGYAPONG QUAITTOO (HON.)

(CHAIRMAN, COMMITTEE ON EDUCATION)

> ABIGAIL ABA ANSO (CLERK TO THE COMMITTEE)
